Cross Sector Leadership Table

Friday 18 December 2015

9.00-11.00am

Attendance: Note membership list attached to these minutes

Apologies: Cath Bartolo, Brett Bricknell, Amanda Currie, Sanesie Dukuly

Proxies: Cathy Miller for Amanda Currie, Lorraine Stevenson for Brett Bricknell

ACTIONS

Action 1: A workshop to be scheduled in early 2016 to progress discussion on key aspects of the Leadership Table and its work. This workshop should address values and a shared charter.	Margaret Allison, Matthew Cox & Kellie Hinchy	January 2016
Action 2: Additional members as discussed to be invited to join the Cross Sector Leadership Table.	Matthew Cox	January 2016
Action 3: Find a platform, such as a closed Facebook page, to communication with members between meetings.	Matthew Cox & Lauren Cunningham	January 2016

MINUTES

Welcome and Introductions

Ms Margaret Allison, Chair, thanked all for attending and invited Aunty Robyn Williams to open the meeting with a Welcome to Country. Throughout the meeting members were asked to introduce themselves and provide comment as to why they had accepted the invitation to be a member of the Cross Sector Leadership Table.

Purpose of the Cross Sector Leadership Table

The Chair invited Mr Matthew Cox, Director of Logan Together, to outline the governance arrangements for Logan Together. Mr Cox made the following comments:

- The Cross Sector Leadership Table is not a Board or an advisory/reference group but a collaboration of leaders providing representation from across a broad sector of the community and service agencies.

- Chapters are being formed across a range of sectors and will both a) work under the direction of the Cross Sector Leadership Table and b) advise the Leadership Table on issues, opportunities and needs. Chapters are topic based, not institution based, and will be the coordination point for Action Groups which will undertake project activities.
- Action groups will be formed around specific clusters of projects as identified by each Chapter and moderated by the Leadership Table.
- These project clusters will be tightly scoped so that Action Group processes are efficient and focussed.
- Citizen panels will be formed or identified if already exist, and will provide citizen leadership at all levels.

The Chair asked Mr Cox to use an example of implementing hubs in schools to illustrate how the governance structure will work:

Example - Implement hubs in schools

Cross Sector Leadership Table and or Chapters determine which Chapter/s this issue relates.

An Action Group is formed in the Chapter to scope and implement. This would require the following questions to be resolved:

- What is the service design? Are there current examples to draw from?
- With regards to current hubs in schools – what is working well and what is not?
- Which schools need to be involved? Is there space in these schools?
- What services need to be provided in the hub?
- What are the opening hours of the hub?

The Action Group reports to the Chapter on progress and the Chapter reports to other Action Groups to share ideas and problem solve issues.

The Chapter reports to the Cross Sector Leadership Table on the progress of the Action Group. The Cross Sector Leadership Table takes the lead to problem solve any major issues e.g. budgetary issues, and then advocates to the Government's Joint Commissioning mechanism to address funding to the initiative and to roll out the action broadly.

Research and evaluation will need to be undertaken of each action to build an evidence base to secure Government agency involvement and commitment.

Culture and environment of the Cross Sector Leadership Table

Mr Cox sought guidance from members on the culture that we want to create within the Cross Sector Leadership Table and the Logan Together initiative. The following comments were made:

- The culture needs to be values based and an opportunity created to identify those values.
- A participatory leadership approach which invites all to have input on decisions.
- The value of one to one relationships cannot be underestimated. These need effort and deliberate time to form.

Action 1: A workshop to be scheduled in early 2016 to progress discussion on key aspects of the Leadership Table and its work. This workshop should address values and a shared charter.

Membership

The following suggestions were made:

- A member be sought to represent the Torres Strait Islander community.
- A couple more parents or community representatives needed to be included.
- Need to include another school principal, perhaps from a more established part of the city.

Action 2: Additional members as discussed to be invited to join the Cross Sector Leadership Table.

Action 3: Find a platform, such as a closed Facebook page, to communication with members between meetings.

Logan Together Roadmap and Action Plan

Mr Cox advised that the consultation draft of the Logan Together Roadmap had been made public and had been presented at a number of public events and to organisations. A second version incorporating any feedback received will be launched in February.

Mr Cox further advised that a number of the Chapters were starting to form. A detailed scope for each Chapter will be formulated by late February or early March 2016.

Meeting close

The Chair thanked all for attending. Meeting closed at 11.00am.

Finalising the Foundation Roadmap

14 written submissions

10+ informal items of feedback

19 February – a workshop to review feedback and create stronger RBA framework for Roadmap

Late February – State Government feedback due through formal response

Early March – Final version released with Volume 3 of State of Children Report

Themes

Co-design and careful listening to:

- Aboriginal and Torres Strait Islander
- Pacific Islander
- Diverse communities

Advocacy for universal approaches reaching all parts of the city

vs

Advocacy for stronger balance with targeted approaches

Don't bite off too much

- Build on existing work
- Go for quick wins and build momentum
- Don't get too distracted by big issues like the prep curriculum

Service integration – the challenges

- Meaningful co-location
- Common language and practice and assessment
- Skills and approaches

Themes

Specific project feedback:

- Young people and engagement
- Antenatal, birth and post birth support
- Citywide lifeskills campaign

More emphasis on:

- Nutrition, healthy eating
- Poverty, jobs, family economy
- Housing and material basics

Measurement

- Child mortality
- Attachment and bonding
- Social and emotional wellbeing – instruments and data quality

General comments

- Phrasiology and language
- Emphasis and nuance
- General support

Community mobilisation campaign

200,000
people

Community awareness
Be part of Logan Together: let's give every child every opportunity
child development basics, parenting tips, talking, reading, nurturing

20,000
households with
young kids

Behavioural change
Do things differently in your family or community
Household routines, actions with your child, help a family member

5,000
households with
young kids

Personal action
Make a big change, learn, work, volunteer
Attend lifeskills, parenting course, go job hunting, volunteer for a
reading or mentoring program

2,000
households with
young kids

**Get help and
support**
One on one help / coaching

What do we
want people to:

- Know / think
- Do
- Feel
