Item	Discussion/Decision/Action
JOINT LEADERSHIP/ACTION GROUP ITEMS	
<p>1. Acknowledgment of Yugambeh and Jagera people, sorry business and welcome and introductions</p>	<p>Margaret Allison, Chair, welcomed everyone to the May joint meeting of Logan Together Leadership Table (LT) and Action Group, and noted apologies, proxies and guests. She also provided an acknowledgement of country.</p>
<p>2. Minutes from the previous meeting</p>	<p>The minutes from the April Leadership Table meeting were confirmed. Matthew Cox noted item 51 is on hold, and action number 52 is in progress.</p>
<p>3. Under 8's week – Update</p>	<p>Sharon Worboys (Backbone Team) presented on the activities planned by the Logan Together partners for Under 8's Week (w/b 20th May). The mission is to deliver quality, free education sessions to Logan parents and children in popular, busy community spaces across the week.</p> <p>Three major shopping centres and five branches of McDonalds will host and promote sessions, facilitated by early education experts and educators from across Logan. More than 30 sessions across the week are planned.</p> <p>It is hoped these sessions will facilitate connection with local families who would not access services and familiarise them with services in the area, demonstrate activities which promote early learning which can be replicated at home, promote the Early Years and Logan Together brands, and encourage conversations with early educators about enrolling in kindy and prep.</p>

<p>4. Finalising collaboration arrangements: The Leadership Table and the Logan Together Action Group</p>	<p>Matthew Cox tabled the draft Logan Together Collaboration Model for discussion. Consultation has been undertaken with individuals and groups through this process and we are confident we have a more purposeful set of arrangements, the key elements of which are demonstrated in this diagram. Some are still to be established.</p> <p>The question posed to the membership is does this make sense and do you understand where you fit in?</p> <p>Discussion ensued between the members. It was noted that the mechanisms and connections between the groups requires some thought, including reporting and decision-making flow e.g. where are the decisions owned and the level of autonomy and interdependency? It was suggested reviewing the different Terms of Reference to ascertain where the synergies are to ensure they are reflected in all sets to prevent silos.</p> <p>Some further work will be done regarding processes, connection and decision making for decision at the June meeting.</p> <p>In terms of the Board, it is anticipated there will be opportunities for stakeholders to become members of the company and in turn, elect the board.</p> <p>It was suggested regular joint meetings of the Leadership Table and Action Group are scheduled.</p>
<p>5. Health Projects - PHN</p>	<p>Tracey Button from Brisbane South PHN was welcomed to the meeting to provide an update on BSPHN health projects.</p> <p>The first project is a review of the developmental screening training and support including PEDS and referral pathways. The purpose of this project is to stop and look at what is currently happening with training around universal development screening – what’s worked, what hasn’t worked and consult with ECEC and parents to look at what is happening.</p> <p>It was noted some of the enablers in this current process include opportunity for discussion with parents and parents voicing concerns, capacity building for parents in understanding the reason for PEDS, access to allied health, training (PEDS), support through following assessment steps, early intervention and developmental monitoring.</p> <p>Barriers noted in the process include family participation, parents not identifying concerns, parent perception of stigma, update of recommendations by parents, referral pathways point of contact for program queries, time and training.</p> <p>Concern was raised regarding the focus being put on the parents within these barriers, when it should be noted there are numerous issues with families accessing support through GP’s, the referral pathways and access to early intervention.</p> <p>The second project is the Eagleby/Waterford ECEC pilot projects. Brisbane South PHN is working in collaboration with Education Queensland, Children’s Health Queensland, Metro South Health and Logan Together on a project with twelve Eagleby and Waterford ECECs, focusing on a targeted child health response for children 2.5-3.5 years and their families. Child Health nurses are visiting the centres</p>

	<p>providing 2.5 and 3 year health checks and if there are any developmental concerns they will be referred to the GP. Additionally, allied health providers are visiting the ECEC in the short term to provide some assessment and intervention.</p> <p>It was suggested consideration be made as to whether the ECEC's involved in the pilot have met minimal standards of quality.</p>
ACTION GROUP ITEMS	
STRATEGIC	
6. Welcome and Introductions – Action Group	Sue Jankovic welcomed everyone to the Action Group meeting and facilitated introductions. Welcome to new member Maddison Watson (Logan City Council).
7. Updated Terms of Reference, Project Action Register, New Agenda Template and Items for Agenda Template including a review of items listed as Issues, Updates and Projects, Matters for escalation to Leadership Table - process	<p>Sue Jankovic advised that following the last Action Group meeting she had met with Jen Kyriacou and Ellen Ferris to discuss the processes to facilitate the links between the Action Group and the Leadership Table. An Action Register has been developed and this will operate as a document between the Action Group and the Leadership Table. The Register has not yet been populated. Sue indicated that there might a worksheet that sits behind this with more detail. There was a suggestion to review the priorities more often than annually; however the Action Register may serve the purpose of ongoing review of priorities.</p> <p>We spoke briefly about escalation, decision making and reporting and how we put some rigour behind that. Sue advised that the Backbone Team can do some research on evidence and put that together. We also spoke about being clear about what we might be asking the Leadership Table to do and perhaps developing the specific words during the Action Group meeting.</p> <p>Ellen Ferris advised that the Terms of Reference had been updated incorporating feedback from Action Group members. Other suggested amendments related to the LLA and the Secretariat and ensuring alignment with the Leadership Table Terms of Reference. If there is any further feedback this can be provided to Ellen.</p> <p>We had some discussion about the scope of the Action Group which is extended to U18 years in line with the state-wide, “Supporting Families, Changing Futures” child protection reform agenda. This is in accordance with the Terms of Reference.</p> <p>We also spoke about ensuring we have the right people around the table for the current agenda or specific project group. Project groups can include people who are not members of the Action Group.</p> <p>Actions: Sue Jankovic will arrange updating of the Action Register. Ellen Ferris will update the Terms of Reference document.</p>
ACTION	
8. Membership review	We discussed the opportunities for Logan community members including parents to be involved. It was suggested that the Logan Together Backbone Team take on a role as a clearing house role for families who might like to join. Also Action Group members are to consider their connections with families and opportunities that might present to include community members.

	Action: Feedback in regard to membership is to be provided to Ellen Ferris.
9. Browns Plains LLA Issues for escalation to Leadership Table – 1. Mental Health/Youth Engagement 2. Access to Allied Health Professionals 3. Financial Literacy	We did not discuss – to be rescheduled to the next meeting.
10. YHWG (Homelessness) to be included in any escalation process to the RCYFC/CLT RE: As discussed at the Chapter meeting 18th April (seeking clarification)	Finn Murphy and others from the Youth Homelessness project working group are to meet with Sue Jankovic. Action: Finn Murphy is to report back to the next meeting.
